

ReGives Application

For social service, environmental, and art focused nonprofit organizations requesting assistance from Construction Junction. **Note:** *We are not able to accept applications from individuals.*

We will be pleased to consider your request for donated materials, and will respond to your application within five business days. We are not able to support every application we receive, and preference is given to environmentally sustainable building projects, theater productions, community gardens and the material needs of social service organizations. Applications requesting items that we have a large stock of are generally more successful than applications for one of a kind, high value or premium items that we sell out of very quickly.

When the form is complete please return it to Community Outreach Coordinator at the address below, or to info@constructionjunction.org.
